

DAAD

DAAD ALUMNI INTER-DISCIPLINARY CONFERENCE

2023

AUG 30 - SEPT 01

Keynote Speaker:

PROF. R.F. BESTMAN

(Re) Defining Ethics and Charting a Sustainable Nigerian Future: Abiye Safe Motherhood Intervention In Perspective

CONFERENCE THEME:

Collective Responsibility:

(Re) Defining Ethics and Charting a Sustainable Nigerian/African Future(s)

Theme: Collective Responsibility: (Re) Defining Ethics and Charting a Sustainable Nigerian/African Future(s)

The 2023 edition of the DAAD Alumni Conference tackles the question of collective responsibility to bring “all together to ensure a sustainable future”. Through an interdisciplinary framework, we bring together scholars, members of diplomatic missions, policymakers, government representatives, NGOs, private sector representatives, professionals, media personalities and the general public interested in ethical issues in Nigeria and Africa.

The conference intends to offer a friendly, constructive environment and foster a serious dialogue among participants. It is an opportunity to exchange ideas, network and collaborate towards sustainable solutions with a broad and diverse audience. We envision this conference contributing to the search for and support of new solutions to our social challenges by enabling dialogue and collaboration between stakeholders and people from different parts of society.
